## WORK EXPERIENCE

### Team lead system engineer and project coordinator

Rexus India Pvt Ltd

01/2019 - 02/2020

Mumbai, India

It is a out sourcing company where it provides IT services , recruiting services to clients all over the world and in India as well.

#### Achievements/Tasks

- Managed a wireless site survey project based in US and Canada where the end client was AMD inc. where I'm responsible for the end-to-end completion of the project!
- Gathering Human resource for a project of IP-phone installation in Europe in 8 different countries where I'm responsible for coordination of the client with the site team of Germany!
- Involves in many Hardware procurement projects of China, Dubai, Europe and South East Asia!

Contact: Kaustubh Salvi. - +91 992-063-7428

## PERSONAL PROJECTS

### Superheros bank using Flask (03/2020 - 03/2020)

- We all love superheros right! do you ever imagine how there bank account/info looks like so here i created a python flask app where it enumerates this information. It is a very fun project. The technologies used are 1.Python Flask(server side scripting language) 2. MySQL for back end databse 3.Bootstrap 4 for frontend ui/ux

### Automated cart notifier. (08/2020 - Present)

- We all do online shopping these days but it is very difficult to track the prices of the item you need in a discounted rate. for this i created a script where once the price fall for a particular item the script will notify you with an E-mail. Technologies used are 1.Python 2. selenium module of python.

For more info on my personal project head on to my GitHub profile [github.com/shubhamj190](https://github.com/shubhamj190) 📄

## EDUCATION

### Bachelor of Engineering(Computer Science)

Saraswati education society college of Engineering (Mumbai University)
