PERSONAL PROJECTS

Bootstrap Portfolio Website (07/2020 - 07/2020)
- We all know how important is portfolio for an individual. so i created a portfolio website the link is above for the same. The technologies used in this project are Bootstrap, HTML 5, CSS 3 ,jQuery.

ResumeSuperheros bank using Flask (03/2020 - 03/2020)
- We all love superheros right! do you ever imagine how there bank account/info looks like so here i created a python flask app where it enumerates this information. It is a very fun project. The technologies used are 1.Python Flask(server side scripting language) 2. MySql for back end databse 3.Bootstrap 4 for frontend ui/ux

Predict price of New York Airbnb (08/2020 - 08/2020)
- Airbnb is an popular real estate chain platform where we can put our property for lease to the other who want to live there for sometime. Created a model which would predict the price for the same for different regions of the New York state.
